Global Citizens at Work

By Ms. Barbara Kondilis

During Winter Intersession our students were very productive in the GE103 Developing the Global Citizen class!

Students shared information, learned about intercultural communication, career development, actively participated in role plays and workshops learning about the arts and global citizenship (Photo attached features the photojournalist Maro Kouri, Faculty Dr. Eugenia Arsenis, with students from both Global Citizen and the Theater class), as well as creating their own mini-projects.

Global Citizens at Work

By Ms. Barbara Kondilis

Presenters Group 1 (STDs Prevention)

Our group created a poster aimed at raising awareness of students as global citizens about STD's and their prevention. The course "Developing the Global Citizen" (w/ instructor Barbara Kondilis) allowed us to better understand our responsibilities to raise awareness to all global citizens.

Presenters Group 2 (Save Water)

Our group created a poster to raise awareness among people about how to be Global Citizens and save water in our everyday life in order not to face water shortages in the future which is something that will have an impact on people's health but also on the environment, too. The course "Developing the Global Citizen" (with instructor Ms. Barbara Kondilis) helped us to think as active citizens of the world and realize how important it is for each of us to behave with empathy and respect for our fellow human beings and for the environment to live harmoniously and peacefully on the planet.
